TRADING TERMS AND CONDITIONS

Charleston Investments Ltd (hereinafter the “Company”), a limited liability company incorporated and registered under the laws of Mauritius, with Company number 52228. The Company is authorized and regulated by the Financial Services Commission in Mauritius (“FSC”) under the license number GB21100290. The Company is authorized to provide the investment services specified in these Trading Terms and Conditions (hereafter the "Agreement").

Charleston Investments Ltd offers clients trading services on Contracts for Difference (“CFDs”). CFDs are leveraged products conducted via an agreement between a ‘buyer’, the client, and a ‘seller’, the Company, to exchange the difference between the current price of an underlying asset (currencies, commodities and indices) and its price when the contract is closed without intermediaries. They offer exposure to the markets while requiring the client to only put down a small margin (‘deposit’) of the total value of the trade. They allow investors to take advantage of prices moving up (by taking ‘long positions’) or prices moving down (by taking ‘short positions’) on underlying assets.

The domain name www.charlestonmarkets.com (hereafter the “Company Website” or “Website”) is owned by the Company. The Company may also register and operate other websites mainly for promotional and marketing purposes in languages other than English.

Any translated version of the Agreement and/or any other agreement or communication, may be provided solely for convenience purposes. In the event of a dispute, the English version shall prevail. This Agreement is a distance contract formed in accordance with the regulations of the Financial Services Commission in Mauritius which does not require the Agreement to be physically signed by either the Client or the Company in order for both parties to be legally bound by it. This Agreement may be electronically executed on-line by clicking the designated acceptance button and this Agreement has the same legal effect and confers the same legal rights upon the parties as if it had been signed.  - b) to be provided with the Services.

3. Provision of Services

- 3.1 The Company is authorized by the FSC to deal as an Investment Dealer (Full-Service Dealer, excluding Underwriting) in Financial Instruments, acting as agent or principal. Details of the authorization can be found on the FSC register.
- 3.2 The trading conditions and execution rules of the Financial Instruments offered by the Company can be seen online at the Company's Website. The Company is under no obligation to monitor, and does not monitor, for the benefit of a Client their Transactions or open positions or advise the Client about the suitability of his trading decisions and/or trading strategy. By execution of a trading instruction received from the Client the Company makes no representation nor gives any acknowledgement as to the suitability of the Transaction for the Client.
- 3.3 The Client acknowledges that provision of Services by the Company does not constitute or include the provision of investment advice, or any personal recommendation and the Client acknowledges and confirms that no reliance can be placed on any information or opinion provided or expressed by the Company which may otherwise be treated as advice or a personal recommendation and that the Company assumes no responsibility for the provision of any advice or personal recommendations. The Client understands that if the Client considers it necessary or desirable to have any advice or recommendations that this should be sought from an appropriate third-party adviser in relation to trading Financial Instruments, including CFDs, investment strategies, pursued charges and/or tax implications.
- 3.4 The Investment Services to be provided by the Company to the Client are:
- a) Execution of orders on behalf of Clients in relation to the Financial Instruments below:
 - i. Contracts for Differences on spot Forex, spot precious metals, futures, shares or any other commodities available for trading

instruments such as CFDs or any other financial instruments or commodities. By accepting this Agreement, the Client acknowledges, and agrees he has given express prior consent to the execution of orders by the Company outside a Regulated Market.

- 3.6 The Client acknowledges that the services of paragraph 3.4 do not constitute the provision of investment advice.

4. Acknowledgement of Risks

- 4.1 Contracts for difference, options, futures, swaps, forward rate agreements and many other derivatives (including most put options) are leveraged products and involve a high level of risk. It is possible for the Client to lose all his capital invested. Therefore, these products may not be appropriate or suitable for everyone and the Client should ensure that he understands the risks involved. The Client will not be required to cover losses exceeding his invested capital as the Company applies a negative balance protection policy. If the Client considers that he is not properly able to understand the investment risks involved, he should seek independent advice.
- 4.2 The Client unreservedly acknowledges and accepts that, regardless of any information, which may be offered by the Company, the value of any investment in Financial Instruments may increase or decrease and there is a substantial risk that the investment may become of no value. In the case of Financial Instruments which are contracts for differences or other contractually based derivatives the entire amount of margin deposit may be lost.
- 4.3 The Client acknowledges that the Company has not solicited, or in any other way recommended his/her participation in trading with the Company pursuant to any particular trading system, and that the Client has made inquiries and conducted research sufficient to make an informed investment decision.
- 4.4 The Client unreservedly acknowledges and accepts that he runs a great risk of incurring losses and damages as a result of purchasing and/or selling any Financial Instrument and the Client accepts and declares that he is willing to undertake this risk.
- 4.5 The Client acknowledges and accepts that the Company does not and shall not provide any investment advice. Where applicable, any general views expressed to the Client by the Company (whether orally or in writing) on economic climate, markets, investment strategies or investments, trading suggestions, research or other such information are not to be viewed as investment advice or recommendations by the Company and shall not give rise to any advisory relationship. Each decision by the Client to enter into a Contract for Difference or any other trading product offered by the Company is an

independent decision by the Client. The Company is not acting as an advisor to or serving as a fiduciary of the Client and the Company specifically disclaims any such duties. Before deciding whether to trade, the Client should consider that such products are complex and of high risk and the Client runs the risk to lose all or part of the invested capital.

- 4.6 When the Client makes a decision to trade in any Financial Instrument, the Client should consider the risks inherent in such Financial Instrument and in any strategies related thereto. The Client's risk assessment should include a consideration of various risks such as credit risk, market risk, liquidity risk, interest rate risk, foreign exchange risk, business, operational and insolvency risk and the risks of "over-the-counter" (as opposed to on-exchange) trading.
- 4.7 The preceding paragraphs does not constitute investment advice based on the Client's personal circumstances, nor is it a recommendation to use any of the services or invest in any Financial Instrument. Where the Client is unclear as to the meaning of any of the above disclosures or warnings, the Client is strongly recommended to seek independent legal or financial advice.
- 4.8 The Client acknowledges and accepts that there may be risks other than those mentioned in this section 4. The Client also acknowledges and accepts that he has read and accepted the "Risk Disclosure" document, which is available on the Company's Website.

5. Electronic Systems and Trading

- 5.1 The Company shall provide the Client with Access Codes for entering into Transactions or dealings with or through the Company. Such Access Codes can be used to access the Electronic Systems. Any such dealings shall be carried out on the basis set out in this paragraph and on the basis of any additional agreement which the Company may enter into with the Client to regulate such activity.
- 5.2 The Client acknowledges and accepts that the Company has the right to restrict any access to its Electronic Systems where it deems appropriate, for the smooth operation of its Electronic Systems as well as to protect other client's interest and its own. The Client will only be entitled to access the Electronic Systems and enter into dealings for its own use on a non-exclusive, non-transferable basis.
- 5.3 All rights and interests and all intellectual property rights (including, without limitation, all trademarks and trade names in or relating to the Company) are owned by the Company or the Company's suppliers or licensors and will remain the Company's property or that of the Company's suppliers or licensors at all times. The Client will have no right or

interest in those intellectual property rights other than the right to access the Electronic Systems. The Client shall not copy, license, sell, transfer, make available the Electronic Systems or information on the Electronic Systems to any other person. The Client shall not remove or alter any copyright notice, or other proprietary or restrictive notice contained in the Electronic Systems.

- 5.4 The Client shall take all necessary precautions to ensure the confidentiality of all information, including, but not limited to, the Access Codes to the Electronic Systems, Transaction activities, account balances, as well as all other information and all orders. The Client shall be solely responsible for all orders and the accuracy of all information sent via the internet using its Access Codes. The Client acknowledges that the Company bears no responsibility in the case that the Access Codes are used in an unauthorized manner by any third party, except where unauthorized use is the result of the Company's default. The Client is strongly advised not to use any public computer to login with his Access Codes. The Client should always logout from the Electronic Systems. The Client shall ensure that no computer viruses, worms or similar items are introduced through the Electronic Systems to the Company's computer systems and networks. The Client will be responsible for the installation and proper use of any virus detection software which the Company may require.
- 5.5 The Client undertakes to notify the Company immediately if it comes to his attention that the Client's Electronic System Access Codes are being used unauthorized.
- 5.6 To the extent permitted by Applicable Regulations, the Company shall not be liable for:
 - a) any loss, expense, cost or liability (including consequential loss) suffered or incurred by the Client as a result of instructions being given, or any other communication being made via the internet or other electronic media; the Client shall be solely responsible for all orders, and for the accuracy of all information, sent via such electronic media; and
 - b) any loss or damage that may be caused to any equipment or software due to any viruses, defects or malfunctions in connection with the access to, or use of, the Electronic Systems.
- 5.7 If the Client wants to use a third party software application to provide trading signals or advice or other trading assistance (an "Expert Advisor") or uses MetaTrader Hosting, a hosting environment allowing for real-time access to the Client's Company Account, the Company and its third party suppliers or licensors make no warranties or representations of any kind, whether expressed or implied for the service it is providing. The Company and its third-party suppliers or licensors also disclaim any warranty of merchantability or fitness for any particular purpose and will not be responsible for any damages that may be suffered by the Client, including loss of funds, data, non-deliveries or service interruptions by any

cause or errors or omissions by the Client. The Client's use of any information obtained by way of an Expert Advisor used in conjunction with MetaTrader Hosting or otherwise is at the Client's own risk, and the Company and its third party suppliers specifically disclaim any responsibility for the accuracy or quality of information obtained through its services. Connection speed represents the speed of an end-to-end connection. The Company and its third-party suppliers or licensors do not represent or guarantee the speed or availability of end-to-end connections. The Company and its third party suppliers or licensors shall not be subject to any damages or liability for any errors, omissions or delays therein including unavailability. The licensed products and all components thereof are provided on an "as is" basis and are separate and distinct from the services provided under this Agreement. Where the Company believes that a Client is using additional functionalities /plug-ins where it affects the reliability and/or smooth and/or orderly operation of the Electronic Systems the Company has the right to suspend or terminate the Client's Account.

- 5.8 The Company makes every effort to deliver high quality products. However, we do not guarantee that our products are free from defects. Our software is provided "as is" and the Client uses the web platform at his own risk. The Company makes no warranties as to performance, fitness for a particular purpose, or any other warranties whether expressed or implied. No oral or written communication from or information provided by the Company shall create a warranty. Under no circumstances shall the Company be liable for direct, indirect, special, incidental, or consequential damages resulting from the use, misuse, or inability to use this software, even if the Company has been advised of the possibility of such damages.

6. Client Instructions and Orders

- 6.1 The Client understands and confirms that all orders received by the Company from the Client are orders for execution outside a Regulated Market. The transactions entered by the Client will be placed and executed by the Company.
- 6.2 The Client understands and acknowledges that the Company will enter into transactions with the client either as principal (counterparty) or an agent. The Company will be the contractual counterparty to the Client.
- 6.3 The Client can open and close a position via the Electronic Systems or by placing orders with the Company's Dealing Desk and can add or modify orders by placing "buy limit", "buy stop", "sell limit", "sell stop", "stop loss" and/or "take profit" orders on any Financial Instrument.
- 6.4 The Company shall record telephone conversations, without any prior warning (unless required to give prior warning by Applicable Regulations), to ensure that the material terms of a transaction and/or order placed by the Client and/or any other material information

relating to a Transaction are properly recorded. Such records shall be the property of the Company and shall be accepted by the Client as evidence of his orders or instructions. The Company may use recordings and/or transcripts thereof for any purpose which it deems desirable. Copy of the records obtained under this clause may be available for a period of 7 years.

- 6.5 The Company reserves the right at its own discretion, without the Client's consent, due to risk management policies to transfer the Client's execution to agency model accounts when the Client's trading strategy, exposes the Company to greater risk than the Company can tolerate.
- 6.6 The Company may in its sole discretion reject any order from the Client but will notify the Client of any such rejection, without giving any reasons, promptly following receipt of the Client's instructions. The Company may cancel any instructions previously given by the Client provided that the Company has not acted on the Client's instructions. Without prejudice to the generality of the foregoing the Client acknowledges that the Company may reject orders and/or instructions by the Client when they are not clear when the Client seeks to open a position, close a position or modify or withdraw an order.
- 6.7 If any Financial Instrument Reference Asset which is a security becomes subject to possible adjustments as a result of any of the events set out in paragraph 6.8 (referred to as "Corporate Event"), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size, value and/or quantity of the corresponding transaction (and also the level or size of the corresponding orders). This action is made in order to (i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event, and/or (ii) replicate the effect of the Corporate Event upon someone with an interest in the relevant underlying Reference Asset security, to be effective from the date determined by the Company.
- 6.8 The events to which paragraph 6.7 refers to are any of the following, by the declaration of the issuer of a security:
 - a) a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalization or share split or reverse share split or similar event;
 - b) a distribution to existing holders of the shares or additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payments to holders of the underlying shares, securities, or warrants granting the right to receive or purchase shares for less than the current market price per share;
 - c) any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares;

- d) any event analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of any security not based on shares;
- e) any event that is caused by a merger offer made regarding the Company of the underlying asset;
- f) earnings announcements.

- 6.9 If any Financial Instrument Reference Asset which is a security becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even withdraw the specific Financial Instrument from the Trading Platform.
- 6.10 Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the Transaction (and/or the level or size of any order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment via its internal mail or email as soon as is reasonably practicable.
- 6.11 In the case where the Client has any open positions on the ex-dividend day for any of the Financial Instrument Reference Assets, the Company has the right to close such positions at the last price of the previous trading day and open the equivalent volume of the underlying Financial Instrument at the first available price on the ex-dividend day. In this case, the Company will inform the Client via its internal mail or email of the said adjustment and no Client consent will be required. In the case where the Company's Risk Management believes the Client is deliberately attempting to take advantage of the fact that shares in a particular Spot Index going ex-dividend, the Company reserves the right to apply a dividend adjustment. In the case of short positions, the dividend adjustment will be debited from the clients' account where dividend adjustment will be equal to Index Dividend declared x position size in Lots.
- 6.12 Considering the levels of volatility affecting both price and volume, the Company is constantly seeking to provide client orders with the best execution reasonably possible under the prevailing market conditions. Client's orders (Buy/Sell, Buy Limit, Buy Stop, Sell Limit, Sell Stop, Stop Loss and/or Take Profit) are executed at the requested/declared price. However, during periods of volatile market conditions, during news announcements, on opening gaps (trading session starts), or on possible gaps where the underlying instrument has been suspended or restricted on a particular market, Buy/Sell Stop and Stop Loss orders may not be filled at requested/declared price but instead at the next best available price. In such case, Take Profit orders below/above Buy Stop/Sell Stop orders or Stop Loss orders above/below Buy Stop/Sell Stop orders during activation will be removed. The same execution policy applies when a trading strategy is deemed as abusive, because it is aiming towards potential riskless profit or another strategy deemed by the Company to be abusive. Accordingly, placing a Stop Loss order will not necessarily limit the Client's losses at the intended amount.

- 6.13 The Client acknowledges that orders shall be executed at the bid and ask prices that are offered by the Company, which are an aggregation of prices from third party liquidity and/or price feed providers. Due to the high volatility of the market as well as the internet connectivity between the Client terminal and the Company' server, the prices requested by the Client and the current market price may change in the period between the Client placing his order with the Company the time the order is executed. The Client acknowledges that in the case of any communication or technical failure which results in the quotation of off- market prices on the quotes feed (i.e. price errors or anomalies, abnormal spreads, prices that freeze/stop updating or price spikes), the Company reserves the right not to execute an order or, in cases in which the order was executed, to change the opening and/or closing price of a particular order or to cancel the said executed order, and the Company will not be held liable for any losses incurred by the Client.
- 6.14 The Company shall not be liable for any delays, inaccuracies or other errors in the transmission of any order, instruction or information from the Client to the Company due to any cause beyond the reasonable control of the Company. Delays can be caused by various reasons depending on the current market conditions (e.g. high market volatility) as well as a slow/weak internet connection (e.g. between the Client's terminal and the Company' server).
- 6.15 The client acknowledges that in the case of any delay and/or disruption or outage in relation to the Electronic Systems or any electronic communication (including the internet, the Trading Platform or electricity), if the Client wishes to place an order he must send an email to the Dealing Desk of the Company at dealing@charlestonmarkets.com. Any email communication must come from the Client's registered email address with the Company, and instructions sent by the Client via email will only be considered received and will only then constitute a valid instruction and/or binding Contract between the Company and the Client once such instruction has been recorded as executed and confirmed by the Company. The Client's mere communication of an instruction does not constitute a binding Contract between the Company and the Client. The Company will only execute the order within the Company's trading hours as listed in the terminal of the Trading Platform and may change from time to time.
- 6.16 The Client acknowledges and accepts that the Company reserves the right to refuse any email instruction if the Company's personnel is not satisfied of the Client's identity, or if the Client fails to provide clear instructions. The Client acknowledges that any instructions shall be treated on a first come, first served basis and the Company bears no responsibility for possible delays in placing the instruction with the Dealing Desk.

- 6.17 “Manifest Error” means a manifest or obvious misquote by the Company, or any market, liquidity provider or official price source on which the Company has relied in connection with any Transaction, having regard to the current market conditions at the time an order is placed as the Company may reasonably determine. When determining whether a situation amounts to a Manifest Error, the Company may take into account any information in its possession, including information concerning all relevant market conditions and any error in, or lack of clarity of, any information source or announcement. The Company will, when making a determination as to whether a situation amounts to a Manifest Error, act fairly towards the Client but the fact that the Client may have entered into, or refrained from entering into, a corresponding financial commitment, contract or Transaction in reliance on an order placed with the Company (or that the Client has suffered or may suffer any loss) will not be taken into account by the Company in determining whether there has been a Manifest Error.
- 6.18 In respect of any Manifest Error, the Company may (but will not be obliged to):
- a) amend the details of each affected Transaction to reflect what the Company may reasonably determine to be the correct or fair terms of such Transaction absent such Manifest Error; or
 - b) declare any or all affected Transactions void, in which case all such Transactions will be deemed not to have been entered into.
- 6.19 The Company will not be liable to the Client for any loss (including any loss of profits, income or opportunity) the Client or any other person may suffer or incur as a result of or in connection with any Manifest Error (including any Manifest Error by the Company) or the Company’s decision to maintain, amend or declare void any affected Transaction, except to the extent that such Manifest Error resulted from the Company’s own willful default or fraud, as determined by a competent court in a final, non-appealable judgment.
- 6.20 Considering the volume of the Client’s order and the current market conditions, the Company shall have the right to execute part of an order only.
- 6.21 The Company has the right at its discretion to increase or decrease Spreads of Financial Instruments depending on the current market conditions and the size of the Client’s order.
- 6.22 The Swap rate is mainly dependent on the level of interest rates as well as the Company’s fee for having an open position overnight. The Company has the discretion to change the level of the Swap rate on each Financial Instrument at any given time and the Client acknowledges that he will be informed by the Company’s Website. The Client further acknowledges that he is responsible for reviewing the contracts specifications located on the Company’s Website for being updated on the level of Swap rate prior to placing any order with the Company. Furthermore, the Company reserves the right to change the level

of Swap rates where there is suspicion of abuse without prior informing the Client.

- 6.23 The Company reserves the right, as its discretion, to increase the Swap rate for any Client beyond the levels displayed on the Website, in the instance where the Client holds a position for a period of 10 calendar days or more, or in the instance where the client is overexposed, to reflect the increased cost of tier swap pricing when rolling positions.
- 6.24 The Company reserves the right to disable and/or enable swap free trading for Client's trading account and/or reverse any cumulative profits derived from the said trading at any given time and/or retrospectively charge the waived swap fee. This can occur at times where there is suspicion of swap abuse aiming at generating riskless profit where the Client abuses the Company's trading conditions/systems or where the Client's trading strategy imposes a threat to the Company's trading facility or where the Company deems necessary in order to protect the smooth operation of its trading facility. The Client further acknowledges that swap free applies for 10 calendar days only. Therefore, swap free accounts holding a position open for more than 10 calendar days, will be credited or debited swap accordingly. Note that a storage amount may apply instead for swap free account equivalent to the swap rates. In such case, the storage amount will be credited/debited in the form of deposit/withdrawal from the account equity.
- 6.25 Internet, connectivity delays, and price feed errors sometimes create a situation where there is price latency on the Electronic Systems such that there is a disparity between the Company quoted prices and current market prices for short periods. Client expressly acknowledges and agrees that it shall not execute Transactions with the Company that rely on price latency arbitrage opportunities either by using additional functionalities/plugin (i.e. Expert Adviser, etc.) or by any other means. If the Client acts in contravention of this clause the Company reserves the right to (i) make corrections or adjustments to the relevant Transaction execution prices to reflect what would have occurred had there been no price latency arbitrage; and/or (ii) cancel all the relevant Transactions; and/or (iii) terminate without notice the Client's Account with the Company; and/or (iv) charge an administration fee equal to 10% of the deposited funds, with the maximum charge set at \$200 or deposit currency equivalent.
- 6.26 Any strategy that consists of a combination of full or partial hedge between a long position in a spot asset and a short position in the futures for that asset or vice versa, aiming towards a cash and carry or reverse cash and carry arbitrage is deemed as abusive and therefore any trading benefits/profits generated as a result will be reversed.

7. Expiry Transactions

- 7.1 For certain Financial Instrument Transactions an expiry date may apply (an "Expiry Transaction"). The details of these dates are available in the Contracts Specification on the

Company's Website. The Client acknowledges and agrees that the Company will have the right to close any Transaction in its sole and absolute discretion without notice if the Reference Asset is a derivative Financial Instrument which may settle on expiry by a delivery other than in cash, a reasonable period prior to the expiry date as determined in the sole and absolute discretion of the Company. The Company will not be subject to any obligation to roll over a position in such a derivative Financial Instrument.

- 7.2 The price of an Expiry Transaction will be (a) the last traded price at or prior to the close or the applicable official closing quotation or value in the relevant Reference Asset as reported by the relevant exchange or market, errors and omissions excluded; plus, or, as the case may be, minus (b) any Spread that the Company applies when such an Expiry Transaction is closed. Details of the Spread that the Company applies when a particular Expiry Transaction is closed are available on request.

8. Margin and Leverage Levels

- 8.1 As a condition of entering into a Transaction, the Company requires the deposit of Margin to secure the Client's liability to the Company for any losses which may be incurred in respect of the Transaction. The "Leverage Level" is the ratio of Margin to the market value of the open Transaction position which it secures. By accepting this Agreement, the Client has read, understood and accepted the "Leverage Levels" as these are uploaded in the Company's Website. The Leverage Level of a Client's Account(s) may be changed by the Company in its absolute discretion with reference to such matters as the deposit or Margin amount held in the Client Account and the size of credit exposure held on Financial Instrument(s) held in the Client Account(s).
- 8.2 Margin requirements or Leverage Level may be set and varied without prior notice from time to time in the Company's sole and absolute discretion in order to cover any realised or unrealised losses arising from or in connection with Transactions, including subsequent variation of any Margin rates set at the time Transactions are opened. The Client can request to change his account leverage at any time by contacting the Company. The Client acknowledges that the Company has the discretion to change the Client's trading account leverage at any given time, without the Client's consent, either on a permanent basis or for a limited period of time. Such an event will be disclosed to the Client by the Company via its internal mail or by email. On every Friday and between the hours of 21:00 till 24:00 and occasionally before the release of major economic news, the Company maintains a maximum leverage of 1:100 on FX and 4 times the standard Margin requirement on remaining instruments other than FX for any new positions opened during the said specified period.
- 8.3 The Client is obliged to maintain in his Account, at all times, sufficient funds to meet all Margin requirements. In addition, the Company will be entitled to treat any assets

deposited with it by the Client from time to time (other than assets deposited for safe custody only) as collateral against the Client's Margin requirements. Only funds received net of any bank charges, which relate to the transfer, will be credited as paid.

- 8.4 For any account for which there is insufficient Margin in the Client's Account or in the event that the deposited Margin is not sufficient to meet the required Margin rates, as determined by the Company it may immediately close or terminate the Client's Transaction and Account without notice. Without prejudice to the generality of the foregoing the Company shall have the right, but shall not be obliged, to start closing Client's positions starting from the most unprofitable, when the Margin is less than 40% of the Margin or Leverage Level requirement. In the case where the Margin is equal to or less than 20% of the Margin or Leverage Level requirement, then Client's positions shall be automatically closed, starting from the most unprofitable, at the then market price.
- 8.5 The Client acknowledges that he is responsible for monitoring the Margin on his Account and for reviewing the difference between the standard and premium accounts located on the Company's Website prior to opening an account and/or placing any order with the Company.
- 8.6 The Company reserves the right to change the Client Account type from premium to standard and vice versa based on the total Margin deposits made on the Client's account as well as based on the Client's trading account current balance.

9. **Market Abuse etc.**

The Client shall not use the Electronic Systems for orders or Transactions for or in connection with any activity which may constitute a fraudulent or illegal purpose or Market Abuse or otherwise use of the Electronic Systems in contravention of any Applicable Regulations. For the purposes of this Agreement "Market Abuse" means behaviour in relation to investments which involves insider dealing, market manipulation or market distortion in breach of Applicable Regulations. The Client undertakes to familiarise himself and comply with any Applicable Regulations concerning the short sale of securities if the Client seeks to execute a short sale contract for difference Transaction with a security as a Reference Asset and the Client will ensure that his use of the Electronic Systems will not result in a breach by the Company of any Applicable Regulations concerning the short sale of securities or any terms of this Agreement concerning short sale orders or transactions.

10. **Refusal to execute orders**

- 10.1 The Company has the right to refuse to transmit and/or execute an order without any given

notice and/or explanation to the Client. Among the cases that the Company is entitled to do so are the following (this list is not exhaustive):

- a) If the Client does not have the required Margin in the Client Account;
- b) If the execution of the order would have an adverse effect upon the smooth operation or the reliability of the Trading Platform;
- c) If the order or its execution may have the object or effect of Market Abuse;
- d) If the order may have the object or effect of money laundering in contravention of the Applicable Regulations

- 10.2 It is understood that any refusal by the Company to transmit and/or execute an order shall not affect any obligation, which the Client may have towards the Company, or any right, which the Company may have against the Client or his assets.

11. Settlement of Transactions

- 11.1 The Company shall proceed to a settlement of all Transactions upon execution of such Transactions. Unless otherwise agreed, the settlement of Transactions shall be in accordance with the normal practice for the Financial Instrument or market concerned.
- 11.2 The Company provides the Client with online access to confirmations and Account statements stored on the Client's portal which is accessible through the Company's Website. Each confirmation and/or Account statement will, in the absence of a Manifest Error (as defined in clause 6.17), be conclusive and binding on the Client, unless the Company receives any objection from the Client in writing within four (4) business days of the date of the relevant confirmation or the Company notifies the Client of an error in the confirmation within the same period.
- 11.3 Any objection or enquiry that the Client has in relation to an executed Transaction shall be investigated by the Company only if it receives notice in writing within four (4) business days of the date of such Transaction.

12. Order Execution

- 12.1 The Company has in place an Order Execution Policy and takes all sufficient steps to obtain the best possible results for its Clients, either when executing client orders or receiving and transmitting orders for execution in relation to Financial Instruments. The Order Execution Policy sets out a general overview on how the Company will obtain the best possible result when executing Clients' orders by taking into account the criteria and factors stated in the policy, the assessment process prior the selection of an execution venue and the monitoring on a continuous basis of the financial institutions used as a hedging liquidity/price providers. The best possible result will be determined in terms of

the total consideration, represented by the price of the contract and the cost related to execution as the main factors. The other execution factors of speed, likelihood of execution size, nature or any other relevant consideration will, in most cases, be secondary to price and cost considerations, unless they would deliver the best possible result for the client in terms of total consideration.

- 12.2 The Client acknowledges that he has read, understood and accepts the Company's Order Execution Policy, which is available in the Legal Documents section of the Company's Website. In particular, the Client acknowledges that all transactions entered in any particular financial instrument with the Company are executed outside a Regulated Market and the Client is exposed to a greater risk of a possible default of the counterparty (i.e. the Company).

13. Joint Accounts

- 13.1 If more than one natural person executes this Agreement ("Joint Account"), all such natural persons agree to be jointly and severally liable for the obligations assumed in this Agreement (which means, for example, that any one person can withdraw the entire balance of the Account, and in the case of a debit balance or debt owed on the Account to the Company, each Account holder is responsible for the repayment of the entire balance and not just a share of it).
- 13.2 The Company shall be entitled to treat each Account holder of a Joint Account as having full authority (as if they were the only person entering into the Agreement) on behalf of the others to give or receive any instruction, notice, request or acknowledgement without notice to the others, including an instruction to liquidate and/or withdraw investments from the Account and/or close any Account) however the Company may in its sole and absolute discretion, require an instruction request or demand to be given by all Joint Account holders before it takes any action.
- 13.3 One account holder may request the Company to convert the Account into a sole Account. The Company may (but shall not be obliged) require authority from all Joint Account holders before doing so. Any person removed from the Account will continue to be liable for all obligations and liabilities under the Agreement relating to the period before they were removed from the Account.

14. Third Party Account Managers

- 14.1 The Client may appoint a third-party to act as his representative or manage his Account or his Account trading strategy ("an Account Manager") and the Client represents and warrants that the third-party has all required regulatory consents, permissions, registrations or licences that may be necessary to act in this capacity ("Regulatory Consents"). The Company shall be under no obligation to verify the authority of an

Account Manager or that the Account Manager has the required Regulatory Consents. However, in the Company's sole and absolute discretion, it may require such evidence as it thinks fit to demonstrate that the Account Manager has authority to act on the Client's behalf and has the Regulatory Consents required.

- 14.2 Where the Client appoints an Account Manager a Power of Attorney or investment management agreement should be provided to the Company accompanied by all identification documents of the representative. If the Client wishes to revoke or amend an Account Manager's appointment or authorisation the Client must give written notice of such intention of which notice shall not be effective until two business days after the Company receives it (unless the Company informs the Client that a shorter period will apply). The Client acknowledges that he will remain liable for all instructions given prior to the revocation/variation being effective, and that the Client will be responsible for any losses, which may arise on any Transactions that are open at such time. The Client authorises the Company to accept all instructions given by the Account Manager whether orally or in writing, in relation to the Client Account and the Company shall not be obliged to make any enquiry of the Client or of any other person before acting on the instructions of an Account Manager. The Company may communicate with the Account Manager directly regarding the Account and the Client agrees that communications made by the Company to the Account Manager are deemed to be received by the Client when received by the Account Manager. The Client further authorises the Company to disclose, or grant access, to the Account Manager all information the Company holds in relation to the Account, including personal information about the Client.
- 14.3 The Client acknowledges and accepts that, in providing the Electronic Systems to the Account Manager the Company has the right but not the obligation to set limits, controls, parameters and/or other controls on the Account Manager's authority to use or access to the Electronic Systems. The Client nonetheless acknowledges that the Company has no obligation or responsibility to the Client to put in place any such limits or controls on the Account Manager's trading and that the Client has full responsibility and liability for the Account Manager's actions.
- 14.4 The Client agrees to indemnify the Company (fully compensate and reimburse) for any loss, damage or expense incurred as a result of:
- a) The Company acting on instructions of the Account Manager outside the scope of the Account Manager's authority; or
 - b) the Account Manager's breach of any term of their appointment.
- 14.5 The Client further ratifies and accepts full responsibility and liability for all instructions given to the Company by the Account Manager (and for all Transactions that may be entered into as a result) and will indemnify (fully compensate or reimburse) the Company

and keep the Company indemnified against any loss, damage or expense incurred as a result of acting on such instructions. This indemnity shall be effective irrespective of the circumstances giving rise to such loss, damage or expense, and irrespective of any knowledge, acts or omissions of the Company in relation to any other Account held by any other person or body with the Company.

15. Client Account

- 15.1 The Client must open a Client Account with the Company before any Transaction may be concluded. This Agreement shall be considered effective upon the first receipt of funds in the Client's Account, provided that the Company has sent the Client written confirmation of his acceptance.
- 15.2 The Client shall not use the Client Account for payment to third parties.
- 15.3 The Client shall not open more than one Client Profile. If the Client has opened more than one Client Profile (which is created when the Client registers their personal details, reads and accepts the Terms and Conditions and has had the relevant identity checks successfully completed), the Company reserves the right to disable the Client Profile(s) in accordance with Paragraph 28 below.
- 15.4 If the Client has opened more than one Client Account, the Company shall have the right to treat these Client Accounts as a single Client Account. The Company shall accordingly be entitled in its discretion (but shall not be obliged) to transfer and use available Margin or other funds from one Client Account for the purposes of discharging Margin requirements or liabilities in one or more of the Client's other Client Accounts even if such transfer may result in the closure of open positions in any Client Account from which Margin or other funds are transferred.
- 15.5 Any funds received in a currency for which the Client does not hold a Client Account shall be converted by the Company into the Client's Base currency. The conversion shall be made at the exchange rate applied on the day and at the time when the relevant funds are at the disposal of the Company.

16. Client Money

- 16.1 Any money received by the Company in respect of a Client's Account with the Company shall be treated as "Client Money". By entering into this Agreement, the Client agrees that the Company will not pay the Client interest on Client Money or any other unencumbered funds.
- 16.2 When holding Client Money, the Company makes adequate arrangements to safeguard

the clients' rights and prevent the use of Client Money for its own account. For this purpose, the Company ensures to promptly place any Client money into one or more accounts, denoted as 'clients' accounts which are segregated from the Company's own accounts and opened with an approved bank and/or a payment provider that has been assessed based on specific criteria imposed by the Company and/or approved by the Company's Management.

- 16.3 Prior to the establishment of a business relationship with a person holding Client's Money as indicated in s. 16.2, the Company exercise all due skill, care and diligence as per applicable law and regulations by taking into account various parameters including among others the jurisdiction, expertise and market reputation of the person, financial indicators and legal or regulatory requirements. The Company establishes a relationship with a person that has been assessed and approved by the Company's Management.
- 16.4 Without prejudice to Clause 16.3, the Client further understands and consents that the Company may hold Client Money with a payment provider or a third party that do not treat such Client Money in accordance with the abovementioned Client Money rules.
- 16.5 Unless the Client notifies the Company in writing or otherwise, the Company may pass on Client Money or allow another person, such as an exchange, a clearing house or an intermediate broker, to hold or control Client Money where the Company transfers the Client Money (a) for the purposes of a Transaction for the Client through or with that person; or (b) to meet the Client's obligations to provide collateral for a Transaction (e.g. a margin requirement for a derivative transaction). By accepting this Agreement, the Client gives his consent and authorizes the Company, where applicable, to transfer/hold his funds in one or more segregated client's bank account. The Company shall not be liable for the solvency, acts or omissions of any institution with which Client Money are held.
- 16.6 The third party to whom the Company will pass money may hold it in an omnibus account and it may not be possible to separate it from the Client's money, or the third party's money in which case the Client will not have any claim against a specific sum in a specific account in the event of insolvency. The Company does not accept any liability or responsibility for any resulting losses. In general, accounts held with institutions, including omnibus accounts face various risks including the potential risk of being treated as one (1) account in case the institution defaults. Another risk might be that the funds in the Omnibus Account may be exposed to obligations of the Company connected with the positions of other clients in case the Company is unable to meet its obligations towards them.
- 16.7 The Client hereby agrees that, in the event that there has been no movement on the Client's Account balance for a period of at least six years (notwithstanding any payments or receipts of charges, interest or similar items) and the Company is unable to trace the

Client despite having taken reasonable steps to do so, the Company may release any Client Money balances held for or on the Client's behalf, from the Client's account.

- 16.8 Any Client Account that has been inactive for 90 (ninety) days, including funding or trading, and has an account balance of up to 1 cent (any currency) will be archived and the Company shall have the right to deduct this remaining Client Money balance.

17. Transfer of Funds

- 17.1 The Client shall clearly specify his name and all required information, in accordance with international regulations related to the fight against money laundering and terrorism financing, on the payment document. It is the Company's policy not to accept payments from third parties to be credited to the Client's Account.
- 17.2 Any amounts transferred by the Client to the Client's Bank Account will be deposited in the Client's Account at the "value date" of the received payment and net of any deduction/charges by the Client's Bank Account providers. In case the Client's account reaches a stop-out during the processing period of the deposit, the Company bears no responsibility for any losses suffered.
- 17.3 The Company has the right to refuse a Client's transferred funds in any of the following cases (this list is not exhaustive):
- a) If the funds are transferred by a third party;
 - b) If the Company has reasonable grounds for suspecting that the person who transferred the funds was not a duly authorized person;
 - c) If the transfer violates Applicable Regulations and legislation.
- 17.4 In any of the above cases, subject to Applicable Regulations, the Company will send back the received funds to the remitter by the same method as they were received and the Client will suffer the relevant Client's Bank Account provider's charges.
- 17.5 By agreeing to this Agreement, the Client gives his consent and authorizes the Company to make deposits and withdrawals from the Client's Bank Account on the Client's behalf, including but not limited to, the settlement of Transactions performed by or on behalf of the Client, for payment of all amounts due by or on behalf of the Client to the Company or any other person.
- 17.6 The Client has the right to withdraw the funds which are not required for Margin free from any obligations (i.e. Free Margin) from the Client's Account without closing the said account.

- 17.7 Unless the Parties otherwise agree, in writing, any amount payable by the Company to the Client, shall be transferred directly to the Client's personal account. Fund transfer requests are processed by the Company within the time period specified on the Company's Website and the time needed for crediting into the Client's personal account will depend on the Client's Bank Account provider.
- 17.8 Client's withdrawals should be made using the same method used by the Client to fund his Client Account and to the same remitter. The Company reserves the right to decline a withdrawal with a specific payment method and will suggest another payment method where the Client needs to proceed with a new withdrawal request, or request further documentation while processing the withdrawal request. Where applicable, the Company reserves the right to send Client's funds only in the currency as these funds were deposited. Where applicable, if the Company is not satisfied with any documentation provided by the Client, then the Company will reverse the withdrawal transaction and deposit the amount back to the Client's Account net of any charges / fees charged by the Client's Bank Account providers.
- 17.9 Client fund transfer requests will be performed from the Client Portal. The Company shall take every effort to notify the Client prior to any fund transfer request, of all charges, fees and costs for the said fund transfer.
- 17.10 The Client acknowledges that in case where a Client's Bank Account is frozen for any given period and for any given reason the Company assumes no responsibility and Client's funds will also be frozen. - 18.4 The Company may deduct its charges from any funds which it holds on the Client's behalf. For this purpose, the Company will be entitled to combine or make transfers between any of the Client's Accounts. The Company has the right to close any open positions of the Client in order to settle any obligations owned by the Client to the Company.
- 18.5 The Company will charge the Client interest on any amounts due, which are not paid, at such a rate as is reasonably determined by the Company as representing the cost of funding such overdue amounts. The administration fee will also be charged in cases where the Company has reason to believe that the Client Account is being used for purposes other than trading (i.e. the trading activity falls below the normal trading threshold as determined by the Company from time to time).

- 18.10 The client acknowledges that the company reserves the right to charge an administration fee in the amount of EUR 60 (or equivalent in other currency) in the instance where a chargeback is placed either intentionally or unintentionally for any deposit made in a Client's Account.
